September 2017	Paying Our Dues	Peterson, M.D. Paying Our Dues . ASA Monitor, 2017 Volume 2017, Number 09, pp 6-7.	Read this article for a review from ASA's Assistant Treasurer outlining significant successes and resources developed by ASA for its members.
September 2017	A United Approach: How ASA is Working With Others to Address the Opioid Epidemic	Buvanendran, A., Walton, A. A United Approach: How ASA is Working With Others to Address the Opioid Epidemic . ASA Monitor, 2017 Volume 2017, Number 09, pp 8-10.	ASA participates with the AMA Opioid Task Force in creating resources and developing recommendations for practices to help fight the prescription drug abuse epidemic.
September 2017	American Society of Addiction Medicine's Drug Testing Guidelines: Clinical Congratulations, Questions and Concerns	Staats, P., Gharibo, C., Thakur, A. American Society of Addiction Medicine's Drug Testing Guidelines: Clinical Congratulations, Questions and Concerns . ASA Monitor, 2017 Volume 2017, Number 09, pp 16-19.	ASAM publishes document providing guidance on identification, diagnosis, treatment, and promotion of recovery which includes information on drug testing and confidentiality issues.

Month/Year	Title	Reference	Summary
September 2017	Seeking Regulatory Relief With a New Administration	Arnold, D.E., Popovich, M.T. Seeking Regulatory Relief With a New Administration . ASA Monitor, 2017 Volume 81, Number 09, pp 48-49.	ASA continues to engage lawmakers and rulemakers on a number of legislative and regulatory issues affecting anesthesiologists' work, quality and patient safety. This article provides examples of ASA's work to help bring administration's attention to regulations that are not the most effective for our members.
September 2017	Transitioning From Training to Practice	Hong, J. Transitioning From Training to Practice . ASA Monitor, 2017 Volume 81, Number 09, pp 54-55.	While written from the physician perspective on the transition from training to practice, this article also provides established physicians and administrations key insights and questions to ask to determine if the new physician is the right fit for your practice.
August 2017	Today's Anesthesia Administrator - Today's Challenges	Timely Topic: Today's Anesthesia Administrator - Today's Challenges (August 2017)	The challenges facing an anesthesia administrator have become more complex. This Timely Topic outlines some of skills a successful administrator needs – and where to find help developing and enhancing them.
August 2017	What You Need to Know about "Incident To"	Timely Topic: What You Need to Know about "Incident To" (August 2017)	Of interest to pain medicine, this Timely Topic examines "Incident To" reporting when a service is performed by a non-physician practitioner. Using this option correctly requires knowing when this option is –and is not – applicable.
August 2017	Resources to Bookmark and Use	Merrick, S.K. Resources to Bookmark and Use . ASA Monitor, 2017 Volume 81, Number 08, pp 54-55.	The ASA website provides links to both CMS and ASA resources to assist physicians and their practices manage a smooth transition to the Quality Payment Program and MACRA. This article highlights several of the key resources available.
July 2017	New Medicare Cards (formerly known as SSNRI)	Practice Management: New Medicare Cards (formerly known as SSNRI)	CMS is changing all Medicare cards. A new section on the Practice Management page on the ASA website has been created to keep you up to date on the timing and specifics of the new cards.
July 2017	00530, 00534, or 00537: Which Code Should I Report? (July 2017)	Timely Topic: 00530, 00534, or 00537: Which Code Should I Report? (July 2017)	Do you have questions on when to report anesthesia code 00530, 00534 or 00537? This Timely Topic will provide clarification on proper use of these codes.

Month/Year	Title	Reference	Summary
July 2017	Medicare Updates the Advance Beneficiary Notice	Timely Topic: Medicare Updates the Advance Beneficiary Notice (July 2017)	Medicare recently issued an updated version of its Advance Beneficiary Notice (ABN) – effective 6/21/2017. This latest Timely Topic will update you on what has changed since the last version and review basics on when/how to use an ABN.
July 2017	I Practice Anesthesiology – What Could Population Health Possibly Have to Do With Me?	Silbert, K.S., Schweitzer, M.P. Practice Anesthesiology – What Could Population Health Possibly Have to Do With Me? . ASA Monitor, 2017 Volume 81, Number 07, pp 40-42.	Anesthesiologists have an opportunity to be leaders in the domain of acute procedural care. This article discusses how that can happen by becoming experts in population health and participating in local efforts to develop an accountable care organization or a clinically integrated network.
July 2017	Anesthesia and the States: A Mid-Year Roundup of Legislative and Regulatory Activity in the States	Hansen, J., Philp, E.B. Anesthesia and the States: A Mid-Year Roundup of Legislative and Regulatory Activity in the States . ASA Monitor, 2017 Volume 81, Number 07, pp 52-55.	The Department of State Affairs serves as a state-level advocacy resource to ASA's state component societies, providing strategic guidance, message development, and research assistance for their state legislative and regulatory initiatives. This report highlights several of the major legislative and regulatory initiatives affecting physician anesthesiologists and patient safety to this point in 2017.
July 2017	From Questions to Solutions: Applying Regulation in an Era of Complexity	Popovich, M.T. From Questions to Solutions: Applying Regulation in an Era of Complexity . ASA Monitor, 2017 Volume 81, Number 07, pp 50-51.	The ASA Department of Quality and Regulatory Affairs provides educational and explanatory materials, and refers physicians to additional relevant websites and other online resources to help members understand new and changing requirements. This article reviews some of the top concerns and questions asked in 2016.
June 2017	Participate in the 2017 ASA Conversion Factor Survey	Timely Topic: Participate in the 2017 ASA Conversion Factor Survey (June 2017)	ASA invites you to participate in the annual survey of commercial payment rates - the Statements of Antitrust Enforcement Policy in Health Care issued jointly by the Department of Justice and the Federal Trade Administration make it possible for us to gather this information as long as certain conditions are met. Read more about the survey and how to participate in this Timely Topic.

Month/Year	Title	Reference	Summary
June 2017	Introducing the INSIGHTS + INNOVATIONS (i2) Conference (June 2017)	Timely Topic: Introducing the INSIGHTS + INNOVATIONS (i2) Conference (June 2017)	It takes a fully integrated and functional team to succeed in today's changing healthcare landscape. Attend the INSIGHTS + INNOVATIONS Conference and learn how to navigate the complex world of health care reform.
June 2017	MACRA Reporting: How to Succeed	Domino, K, Simon, M, Schmitz, D. MACRA Reporting: How to Succeed . ASA Monitor, 2017 Volume 81, Number 06, pp 8-10.	The time is now to understand how MACRA will affect your practice. This article reviews ASA and the Anesthesia Quality Institute resources to help you navigate the change to measure and report quality metrics required by MACRA.
June 2017	Improvement Activities Under the Merit-based Incentive Payment System	Dutton, R, Nicolescu, T. Improvement Activities Under the Merit-based Incentive Payment System . ASA Monitor, 2017 Volume 81, Number 06, pp 12-15.	MACRA is intended to accelerate the transition from volume to value-based payments. Review this article for information about the two pathways in its Quality Payments Program.
June 2017	MACRA's Second Birthday: The Terrible Twos?	Hannenber, A. MACRA's Second Birthday: The Terrible Twos? . ASA Monitor, 2017 Volume 81, Number 06, pp 16-17.	ASA has a long history of meaningful engagement in the process of shaping Medicare payment policy. This article reviews ASA's work in representing and supporting anesthesiologists in the developing MACRA and MIPS world.
June 2017	Quality Management and APMs	Fischhoff, R, Hochstetler, Z. Quality Management and APMs . ASA Monitor, 2017 Volume 81, Number 06, pp 22-23.	The purpose of this article is to provide more information about the Advanced Alternative Payment Models, as well as what we here at ASA are doing to ensure reporting opportunities are expanded under this pathway.
June 2017	Registry Reporting: Managing the Reporting Process in Your Practice	Antos, A, Westlake, B, Popovich, M. Registry Reporting: Managing the Reporting Process in Your Practice . ASA Monitor, 2017 Volume 81, Number 06, pp 24-25.	Practices preparing to meet the criteria establish by MACRA may wish to consider a range of techniques to operationalize workflows within their practice. Read this article to find out more about several key characteristics that aid in successfully reporting.

Month/Year	Title	Reference	Summary
June 2017	PRACTICE MANAGEMENT™ 2017 Critical Changes, Critical Strategies	Szokol, J. PRACTICE MANAGEMENT™ 2017 Critical Changes, Critical Strategies . ASA Monitor, 2017 Volume 81, Number 06, pp 26-29.	This article is a review of the PRACTICE MANAGEMENT™ 2017 conference which focused on the theme of change, why it is occurring, how to prepare for it and how to manage for the future.
June 2017	Some Things Don't Change with MACRA	Merrick, S. Some Things Don't Change with MACRA . ASA Monitor, 2017 Volume 81, Number 06, pp 56-57.	This article reviews two significant aspects of the current payment system that will remain in the midst of all the MACRA related changes.
May 2017	New Requirement – Reporting Services in Global Period	Timely Topic: New Requirement – Reporting Services in Global Period	Read this new Timely Topic from ASA's Payment and Practice Management department to learn if you will be included in a requirement to report to CMS on services performed within the global period of selected procedures – and what you will need to know on how to report them if you are.
May 2017	Keeping the ASA CROSSWALK Up To Date	Timely Topic: Keeping the ASA CROSSWALK Up To Date	Feedback from anesthesiologists and coding professionals is one reason why the ASA CROSSWALK® stays up to date. Suggestions to be considered for potential inclusion in the 2018 edition are due by June 1, 2017.
May 2017	Ethics Resources	Jericho, B. Ethics Resources. ASA Monitor, 2017 Volume 81, Number 05, pp 50-51.	The ASA provides ethics resources to aid physician anesthesiologists in the care of their patients, their practice of medicine, and their participation in research and publication.
May 2017	Quality Reporting: The Science of Constructing a Performance Measure	Kaye, T, Kociemba, L. Quality Reporting: The Science of Constructing a Performance Measure. ASA Monitor, 2017 Volume 81, Number 05, pp 60-61.	A well-designed quality measure has the dual potential to drive real improvements in patient care in addition to satisfying regulatory reporting requirements. This article describes the ASA process that employs several methods to ensure that resulting quality measures are both useful to physician anesthesiologists and scientifically sound.

Month/Year	Title	Reference	Summary
May 2017	Lessons in Waiting: Customer Service in Anesthesia	House, L.M. Lessons in Waiting: Customer Service in Anesthesia. ASA Monitor, 2017 Volume 81, Number 05, pp 64-65.	The healthcare industry requires professionalism of its anesthesiologists, including the components of trust, collegiality and shared commitment for all those working together to provide high quality patient care.
April 2017	Got Credentialing?	Timely Topic: Got Credentialing?	The credentialing process requires exactness, consistency and timeliness if it is to run smoothly. Read about it in our latest Timely Topic from ASA's Payment and Practice Management department.
April 2017	Part-Time, Job-Sharing Arrangements	Timely Topic: Part-Time, Job-Sharing Arrangements	Does your group include anesthesiologists nearing retirement looking to lighten their call load? Does it include younger members interested in working part-time? This Timely Topic offers information on how some groups have addressed this issue.
April 2017	Patient Data Under Siege – The Greatest Weakness of EHRs	Chan, L, Wong, B, Howell, S. Patient Data Under Siege – The Greatest Weakness of EHRs. ASA Monitor, 2017 Volume 81, Number 04, pp 26-29.	A dramatic series of data breaches over the last few years have exposed the cybersecurity shortcomings in electronic medical records. Read more about the risks involved in this article.
April 2017	Paper Charting Anesthetics: Forgotten But Not Gone... Especially During an EHR Downtime	Poterack, K, Gottlieb, O, Rothman, B. Paper Charting Anesthetics: Forgotten But Not Gone... Especially During an EHR Downtime. ASA Monitor, 2017 Volume 81, Number 04, pp 30-32.	Are you familiar with how to chart an anesthetic or write an order on paper? This knowledge could be critical in the event of EHR downtime.
April 2017	When You Can't Hear Me Now	Paganelli, W, Berg, K, Poler, S, Rothman, B. When You Can't Hear Me Now. ASA Monitor, 2017 Volume 81, Number 04, pp 34-37.	After reviewing the difficulties of communications at play during times of emergencies, what can be done during routine operations to help alleviate these issues and ensure patient safety?

Month/Year	Title	Reference	Summary
April 2017	The 2016 Job Market for Graduating Anesthesiology Residents	Stein, E, Mesrobian, J, Szokol, J, Abouleish, A. The 2016 Job Market for Graduating Anesthesiology Residents. ASA Monitor, 2017 Volume 81, Number 04, pp 58-62.	A review of the fifth annual survey of graduating anesthesiology residents reveals interesting trends in the anesthesiology job market.
March 2017	CMS Changes Direction on Non-Face-to-Face Services	Timely Topic: CMS Changes Direction on Non-Face-to-Face Services	As value-based payment systems evolve, CMS has changed its stance on payment for some non face-to-face services. Staying informed on such policy changes will be helpful as you prepare for MACRA.
March 2017	NGS and TEE: Your CAC reps at Work!	Timely Topic: NGS and TEE: Your CAC Reps at Work	Knowing how to access Medicare's national and local coverage policies will help you understand coverage requirements for procedures/services you provide. Read more in this ASA Timely Topic.
March 2017	Pain for Physicians: Reporting MIPS Quality Measures for Pain Medicine	Popovich, M. Pain for Physicians: Reporting MIPS Quality Measures for Pain Medicine. ASA Monitor, 2017 Volume 81, Number 03, pp 40-41.	The quality component of MIPS replaced PQRS in 2017, but choosing the best quality measures for Pain Medicine practices can be difficult to define.
March 2017	Evolution of Obstetric Anesthesia in the Value-Based Care Landscape	Sullivan, J. Evolution of Obstetric Anesthesia in the Value-Based Care Landscape. ASA Monitor, 2017 Volume 81, Number 03, pp 36-37.	The future landscape of value-based care requires understanding of both the quality and cost components to know how our discipline will fare with models of alternative reimbursement such as bundled payments.
February 2017	New Players in the Payment Process	Timely Topic: New Players in the Payment Process	As we move from Fee for Service to Value Based Purchasing, the payment process includes new players. Our latest Timely Topic discusses three of them: CMMI, PTAC and HCP-LAN.
February 2017	Resident Focused: Anesthesia Practice Types - Academic Anesthesiology	Timely Topic: Resident Focused: Anesthesia Practice Types - Academic Anesthesiology	This Timely Topic in Payment and Practice Management focuses on residents' need to learn more about anesthesia practice types. In this article, the authors provide key information about Academic Anesthesiology

Month/Year	Title	Reference	Summary
February 2017	Professional Liability Trends in 2016: Things Are Stable, But Changes May Be Lurking	Burkle, C. Professional Liability Trends in 2016: Things Are Stable, But Changes May Be Lurking. ASA Monitor, 2017 Volume 81, Number 02, pp 12-14.	The ASA Committee on Professional Liability provides a report on changing trends in malpractice insurance premiums and characteristics impacting physician anesthesiologists.
February 2017	Employed Physicians and Professional Liability Insurance	Leib M, Joseph V. Employed Physicians and Professional Liability Insurance. ASA Monitor, 2017 Volume 81, Number 02, pp 18-19.	It is very important for physicians contemplating employment to understand the details of their future professional liability coverage as employees.
February 2017	New Reporting Requirement: Visits Within a Global Period	Merrick S. New Reporting Requirement: Visits Within a Global Period. ASA Monitor, 2017 Volume 81, Number 02, pp 60-61.	This article will provide a bit of background on the new CMS reporting requirement for visits within a global period and describe what some ASA members will be required to do as part of the new data collection requirement.
January 2017	NCDs, LCDs and the MCD: How to Learn What CMS Does or Does Not Cover	Timely Topic: NCDs, LCDs and the MCD: How to Learn What CMS Does or Does Not Cover	Knowing how to access Medicare's national and local coverage policies will help you understand coverage requirements for procedures/services you provide. Read more in this ASA Timely Topic.

September 2016	Medical Direction versus Medical Supervision	Timely Topic: Medical Direction versus Medical Supervision (September 2016)	Anesthesiology residents and fellows need to learn billing rules. This Timely Topic offers a glimpse into the differences between medical direction and medical supervision.
September 2016	Does the Future Include Unwrapping the Global Surgical Package?	Timely Topic: Does the Future Include Unwrapping the Global Surgical Package? (September 2016)	A proposal from CMS on how it will implement a MACRA requirement to collect information about the number and level of visits provided during a procedure's assigned global period will impact ASA members who practice pain medicine.
September 2016	The Silent M in CMS packs a Big Punch	Timely Topic: The Silent M in CMS packs a Big Punch (September 2016)	No two Medicaid programs are alike. Read this Timely Topic to learn about some of the many differences in the Medicaid programs, and how to find out what you should know about your program for proper billing and payment.
September 2016	Ready for Business: AQI Launches New Era of Quality Reporting	Ready for Business: AQI Launches New Era of Quality Reporting. ASA Monitor, 2016, Volume 80, Number 9, p 46.	On June 30, 2016, the Anesthesia Quality Institute's (AQI's) National Anesthesia Clinical Outcomes Registry (NACOR) successfully transitioned its data collection platform to health analytics provider ArborMetrix.
September 2016	Website Enhancements Continue: QMDA and QRA Offer Online Tools for Practices	Hertzberg L, Quill E. Website Enhancements Continue: QMDA and QRA Offer Online Tools for Practices. ASA Monitor, 2016, Volume 80, Number 9, pp 58-59.	For many years, QMDA has supplied valuable member resources on the Quality Improvement website, and QMDA and QRA worked to make these resources more easily available to members.
August 2016	Avoiding Fraud and Abuse: Follow the Rules of the Road	Timely Topic: Avoiding Fraud and Abuse: Follow the Rules of the Road (August 2016)	CMS offers an informative booklet to help physicians learn about federal fraud/abuse laws. Read more in this latest Timely Topic
August 2016	Trends in Ambulatory Surgery Centers: A Result of Myriad Forces	Rock-Klotz J, Halzack N. Trends in Ambulatory Surgery Centers: A Result of Myriad Forces. ASA Monitor, 2016, Volume 80, Number 8, pp 14-17.	The first ambulatory surgery center (ASC) opened in 1970, and there are almost 5,500 Medicare-certified ASCs currently in the United States.

Month/Year	Title	Reference	Summary
August 2016	AQI Reports	Richardson E. AQI Reports. ASA Monitor, 2016, Volume 80, Number 8, pp 50-51.	Collection of data is all well and good, but improvement in patient outcomes requires the ability to turn information into action. The AQI Practice Quality Improvement Committee (PQIC) will collect and present examples of this principle so that all of us can learn from those who are doing it well.
August 2016	MACRA Rule: Proposed vs. Finalized	Merrick S, Popovich M. MACRA Rule: Proposed vs. Finalized. ASA Monitor, 2016, Volume 80, Number 8, pp 59.	The proposed rule on MACRA is very complex and CMS may very well revise some of its proposals in its final rule. It is important to stay informed and engaged as the rule making process progresses.
August 2016	Payments to Physicians Are Just Part of the Picture	Merrick S. Payments to Physicians Are Just Part of the Picture. ASA Monitor, 2016, Volume 80, Number 8, pp 58-59.	As payments to physicians for professional services is increasingly impacted by all costs of care, anesthesiologists will benefit from a basic understanding of how Medicare determines payments to hospitals, ambulatory surgery centers, skilled nursing facilities and home health care agencies
July 2016	Revalidation Notices: Do Not Ignore Them!	Timely Topic: Revalidation Notices: Do Not Ignore Them! (July 2016)	This ASA Timely Topic provides the information and resources you need to help you understand the CMS provider enrollment and revalidation process. Failure to revalidation enrollment information when requested to do so could result in possible delays in your Medicare payments and/or deactivation of your Medicare billing privileges.
July 2016	New ICD-10-CM Codes for Unintended Awareness Under General Anesthesia	Timely Topic: New ICD-10-CM Codes for Unintended Awareness Under General Anesthesia (July 2016)	The 2017 edition of ICD-10-CM will include new codes that describe the uncommon instance of unintended awareness under general anesthesia. This Timely Topic explains more about these new codes –including when they become effective and how to properly use them
July 2016	MACRA Proposed Rule Released	Merrick S, Popovich M. MACRA Proposed Rule Released. ASA Monitor, 2016, Volume 80, Number 7, p 57.	As proposed, MACRA will differ from the all or nothing approach used in PQRS and will allow for more flexibility in reporting and scoring.

Month/Year	Title	Reference	Summary
July 2016	Closing Out PQRS, Moving Onto MACRA	Popovich M. Closing Out PQRS, Moving Onto MACRA. ASA Monitor, 2016, Volume 80, Number 7, pp 56-57.	The transition from the known PQRS program to the proposed MACRA program will require that anesthesiologists understand where their strengths and challenges lie in identifying measures to report, the methods on how to report and how they can be fairly and accurately scored.
July 2016	Seeking Posters for PRACTICE MANAGEMENT 2017	Seeking Posters for PRACTICE MANAGEMENT 2017. ASA Monitor, 2016, Volume 80, Number 7, p 36.	The Committee on Practice Management and the Foundation for Anesthesia Education and Research (FAER) will continue its successful abstract and poster session format for the 2017 program. Abstracts may be submitted via www.asahq.org/meetings/practice-management from August 1 through October 31, 2016.
June 2016	Updates to the Recovery Audit Program	Timely Topic: Updates to the Recovery Audit Program (June 2016)	This Timely Topic discusses recent updates to the Medicare Part B Recovery Audit Program.
June 2016	CMS Policy Change: Unused or Discarded Drugs	Timely Topic: CMS Policy Change: Unused or Discarded Drugs (June 2016)	CMS plans to implement a new policy on reporting discarded/unused drugs. Read this Timely Topic for details.
June 2016	MACRA and APMs	Merrick S, Popovich M. MACRA and APMs.	A reminder that not all Alternative Payment Models (APMs) will qualify for the 5% bonus available from 2019-2024 or the 0.75% increase to the Medicare conversion factor starting in 2026.
June 2016	Locum Tenens: Make Sure You Know the Rules	Chisolm K. Locum Tenens: Make Sure You Know the Rules. ASA Monitor, 2016, Volume 80, Number 6, pp 62-63.	If your practice uses locum tenens anesthesiologists, it is important that you understand the rules and regulations for billing Medicare for these services.
June 2016	Using O.R. Metrics to Drive Perioperative Performance	Mesrobian R. Using O.R. Metrics to Drive Perioperative Performance. ASA Monitor, 2016, Volume 80, Number 6, pp 44-46.	Becoming expert in O.R. efficiency is important to anesthesiology groups desiring to achieve higher efficiency in their perioperative area.

April 2015	Modifications to Medicare's MUE Program	Timely Topic: Modifications to Medicare's MUE Program (April 2015)	The Centers for Medicare and Medicaid Services (CMS) have long been looking for ways to save the Medicare program money and to reduce paid claim error rates. CMS implemented the National Correct Coding Initiative (NCCI) procedure-to-procedure claims edits in 1996. In 2007, CMS added another type of claims edit under NCCI – Medically Unlikely Edits (MUE) and in April of 2013, CMS modified the MUE program so that some MUE values would be date of service edits rather than just claim line edits. Read this ASA Timely Topic article to expand your knowledge of MUE edits and how they impact your claim submissions.
April 2015	What Anesthesiologists Need to Know about Reporting E&M or TCM	Timely Topic: What Anesthesiologists Need to Know about Reporting E&M or TCM (April 2015)	As anesthesiologists assume a broader role in perioperative care, there may be other opportunities to bill for clinical services beyond those included in the anesthesia codes. Coding and documentation requirements related to these services are different than the traditional anesthesia billing requirements which include routine pre-, intra- and postoperative management. This article describes the clinical services that might be billed using evaluation and management (E&M) codes and the requirements for billing for transitional care management related to services provided to patients when the services are provided to patients during the 30-day period following discharge from a hospital admission, observational status or nursing home
April 2015	Tools and Resources: Staying Up-To-Date with the Medicare Physician Fee Schedule	Timely Topic: Tools and Resources: Staying Up-To-Date with the Medicare Physician Fee Schedule (April 2015)	The Medicare Physician Fee Schedule is complex and has a lot of moving parts—as evidenced by correction notices and other updates and revisions issued by the CMS. This Timely Topic shows physicians how they can confirm payment accuracy.

Month/Year	Title	Reference	Summary
April 2015	Medicare Provider Enrollment Programs: General Information and New Policies	Timely Topic: Medicare Provider Enrollment Programs: General Information and New Policies (April 2015)	Medicare's enrollment system uses a language of its own and it is important for healthcare providers to familiarize themselves with the basics. This article will help expand knowledge of basic enrollment terms and to learn about some new Medicare procedures intended to increase the accuracy of a provider's enrollment information.
March 2015	Newly Proposed CMS Performance Measures for Anesthesiologists	Hyder, J. & Johnson, V. (2015). Newly Proposed CMS Performance Measures for Anesthesiologists. ASA NEWSLETTER, Volume 79 (Issue 3), pp 22-25.	ASA has proposed six measures to CMS for consideration. The authors discuss these measures and other proposed CMS performance measures relevant to anesthesiologists.
March 2015	How Do You See the Payment Landscape Post SGR?	Timely Topic: How Do You See the Payment Landscape Post SGR? (March 2015)	The U.S. House's passage of the Medicare Access and CHIP Reauthorization Act signaled that Medicare payment methodology change is coming. This article assists anesthesia and pain practices to become familiar with the road ahead.
February 2015	2015: More Changes Ahead	Merrick, S. & Popovich, M. (2015). PQRS, Payment and the 2015 Physician Fee Schedule. ASA NEWSLETTER, Volume 79 (Issue 2), pp 52-54.	The article discusses more changes from the 2015 Medicare Physician Fee Schedule (PFS).
February 2015	ICD-10: Resources to Help in Your Transition	Timely Topic: ICD-10: Resources to Help in Your Transition (February 2015)	The transition from ICD-9-CM to ICD-10-CM/PCS is October 1, 2015. As the countdown begins, this article will help you learn more about resources that are available to assist you with this transition.
January 2015	PQRS, Payment and the 2015 Physician Fee Schedule	Merrick, S. & Popovich, M. (2015). PQRS, Payment and the 2015 Physician Fee Schedule. ASA NEWSLETTER, Volume 79 (Issue 1), pp 32-34.	The article discusses information from the 2015 Medicare Physician Fee Schedule (PFS).

November 2014	2015 ASA CROSSWALK and ASA Relative Value Guide (RVG)	Merrick, S. & Shaker, M. (2014). 2015 ASA CROSSWALK and ASA Relative Value Guide (RVG). ASA NEWSLETTER, Volume 78 (Issue 11), pp 26-27.	Members are strongly encouraged to order the 2015 ASA CROSSWALK and ASA Relative Value Guide (RVG).
November 2014	CAC 101	Timely Topic: CAC 101 (November 2014)	An article providing more information on the Contractor Advisory Committee (CAC) as well as interviews with state representatives.
November 2014	The ABC's of ABN	Timely Topic: The ABC's of ABN (November 2014)	The Advance Beneficiary Notice of Noncoverage (ABN), Form CMS-R-13, is a written notice issued by providers to beneficiaries before providing healthcare services under Medicare Part B. With physicians feeling the hit of rising costs for providing patient services and a decrease in payment, the ABN is a vital part of collecting every possible legitimate dollar for rendered services.
November 2014	Exchange 101	Timely Topic: Exchange 101 (November 2014)	Healthcare coverage is available through federal and state exchange programs. An "exchange" allows individuals and employers to compare and select from a variety of Qualified Health Plans (QHPs) for their families and employees. This article provides more information on exchanges.
October 2014	ASA 2014 Survey Results for Commercial Fees Paid for Anesthesia Services	Merrick, S. & Stead, S. (2014). ASA 2014 Survey Results for Commercial Fees Paid for Anesthesia Services. ASA NEWSLETTER, Volume 78 (Issue 10), pp 64-69.	The article discusses 2014 ASA Commercial Conversion Factor Survey results.
September 2014	RUC Review of 'Misvalued' Codes	Leib, M. (2014). RUC Review of 'Misvalued' Codes. ASA NEWSLETTER, Volume 78 (Issue 9), pp 50-51.	Dr. Leib, Chair of ASA's Committee on Economics, discusses the American Medical Association (AMA)/Specialty Society Relative Value Update Committee (RUC).

Month/Year	Title	Reference	Summary
September 2014	Bundled Payments for Care Improvement Initiative (BCPI)	Timely Topic: Bundled Payments for Care Improvement Initiative (BCPI) (September 2014)	Under BCPI selected healthcare organizations have the option to enter into one of four different payment models. BCPI models combine payment for all procedures patients receive throughout an episode of care. The goal of these new payment models is high quality of care provided at lower costs. This article describes those 4 models.
September 2014	New Specific HCPCS Modifiers for Distinct Procedural Services (Modifier 59)	Timely Topic: New Specific HCPCS Modifiers for Distinct Procedural Services (Modifier 59) (September 2014)	Effective January 1, 2015, the Centers for Medicare and Medicaid Services recently announced they are issuing four specific Healthcare Common Procedure Coding System (HCPCS) modifiers that will supersede Modifier 59—used to identify procedures/services, other than E/M services, that are not normally reported together, but are appropriate under the circumstances.
August 2014	Hiring The Right Fit For Your Practice- What You Need to Know	Ayoobi, S. & Shaker, M. (2014). Hiring The Right Fit For Your Practice- What You Need to Know. ASA NEWSLETTER, Volume 78 (Issue 8), pp 50-51.	The writers discuss what qualifications to look for when hiring individuals for your healthcare practice.
August 2014	ICD-10: Getting Ready for October 1, 2015	Timely Topic: ICD-10: Getting Ready for October 1, 2015 (August 2014)	The transition date from ICD-9-CM to the ICD-10-CM/PCS code sets is October 1, 2015. One very important preparation action is to test your claims and this article presents more information about how to test your ICD-10-CM claims with Medicare.
August 2014	Change is NOW: Learn More About Bundled Payments	Timely Topic: Change is NOW: Learn More About Bundled Payments (August 2014)	In today's changing world of healthcare, payers are moving away from volume based care and are venturing into bundled payment systems. This article will help you discover what resources you need to be fully prepared for this up and coming change.

August 2014	Revalidation	Timely Topic: Revalidation (August 2014)	All Medicare-enrolled providers that have enrolled prior to March 25, 2011 will be required to submit their revalidation application after receiving notification from their from their Medicare Administrative Contractor (MAC). This article presents the quickest and easiest methods to revalidate in order to prevent payment hold and deactivation of billing privileges
July 2014	Practice Management and the Perioperative Surgical Home	Weyand, A. (2014). Practice Management and the Perioperative Surgical Home. ASA NEWSLETTER, Volume 78 (Issue 7), pp 58-59.	The writer discusses how the PSH model serves as an example of how good practice management can improve medical practices.
July 2014	Resident Track	Timely Topic: Resident Track (July 2014)	Information about the opportunities for resident physicians at PRACTICE MANAGEMENT 2015.
July 2014	Modifier 50	Timely Topic: Modifier 50 (July 2014)	CMS issued instructions on how to report bilateral procedures. This article on Modifier 50 will help make sure your claims for these procedures are reported properly and paid promptly.
July 2014	Tools and Resources: Star Your Favorites	Timely Topic: Tools and Resources: Star Your Favorites (July 2014)	With the healthcare industry in a continuous state of change and challenge, providers may find themselves lost in a bundle of information. To make your hunt easier, this article contains a compiled list of relevant resources from ASA and CMS.
June 2014	Practice Management 2014: Implementing a Perioperative Surgical Home: Start With Why...And Then Start	Boudreaux, A. & Vetter, T. (2014). Practice Management 2014: Implementing a Perioperative Surgical Home: Start With Why...And Then Start. ASA NEWSLETTER, Volume 78 (Issue 6), pp 28-29.	Dr. Boudreaux and Dr. Vetter discuss why and how practices should implement a PSH.

Month/Year	Title	Reference	Summary
June 2014	Open Payments	Timely Topic: Open Payments (June 2014)	As described by CMS, “Open Payments is a national disclosure program that promotes transparency by publishing the financial relationships between the medical industry and healthcare providers (physicians and hospitals) on a publicly accessible website developed by CMS.” This article provides more information about this program and what you can do to make sure the data linked to you is accurate.
June 2014	Exclusive Contracts and Closed/Open Departments	Timely Topic: Exclusive Contracts and Closed/Open Departments (June 2014)	Exclusive contracts are not the solution for job security that most anesthesiologists believe it is. They can present substantial legal barriers to prevent competitors from exercising anesthesiology privileges. But exclusive contracts can be lost, terminated, and outbid on various levels. This article further discusses these circumstances and the differences between exclusive contracts and closed/open departments
June 2014	Reporting E&M Services and Anesthesia Services Together in the Pre-operative Period	Timely Topic: Reporting E&M Services and Anesthesia Services Together in the Pre-operative Period (June 2014)	As anesthesiologists assume a broader role in perioperative care, there may be other opportunities to bill for clinical services beyond those included in the anesthesia codes. Coding and documentation requirements related to these services are different than the traditional anesthesia billing requirements which include routine pre-, intra- and postoperative management. This article describes the clinical services that might be billed using evaluation and management (E&M) codes and the requirements for billing for transitional care management related to services provided to patients when the services are provided to patients during the 30-day period following discharge from a hospital admission, observational status or nursing home.

June 2014	Tense about ICD-10	Timely Topic: Tense about ICD-10? (June 2014)	This Reduce your ICD-10 tension by reading this Payment and Practice Management Memo. The transition to the new code set is expected to take place on October 1, 2015. Take advantage of the extra time to learn more about ICD-10-CM diagnosis coding.
May 2014	Practice Management 2014: Current Challenges, Future Opportunities and Identifying Value	Mesrobian, J. (2014). Practice Management 2014: Current Challenges, Future Opportunities and Identifying Value. ASA NEWSLETTER, Volume 78 (Issue 5), pp 28-29.	Dr. Mesrobian, Chair of the Committee on Practice Management discusses key highlights from PRACTICE MANAGEMENT 2014.
May 2014	Modifier 59 – Distinct Procedural Service	Timely Topic: Modifier 59 – Distinct Procedural Service (May 2014)	This modifier is one of the most potent modifiers within the CPT® code set. CMS released an article that describes both correct and incorrect use of modifier 59. When CMS and its contractors that process claims see instances of improper coding, they often issue what they term “provider education” on the issue(s). This CMS article may or may not be a result of such an observation but nonetheless, it is information you should know and use when submitting your claims.
May 2014	NGS Announces Prepayment Review for Specific Evaluation and Management Services	Timely Topic: NGS Announces Prepayment Review for Specific Evaluation and Management Services (May 2014)	National Government Services (NGS) announced it will conduct prepayment reviews on claims for higher level Evaluation and Management (E/M) codes for both inpatient and office services. NGS states that the results of these reviews will serve as the starting point for provider-education materials. If a request for documentation is received, it is important to address it promptly. You will have 30 days to respond.

May 2014	How Graceful is the Grace Period?	Timely Topic: How Graceful is the Grace Period? (May 2014)	CMS is responsible for implementing the many provisions within the Patient Protection and Affordable Care Act (ACA). One of those provisions could put healthcare professionals at risk for providing services without payment. This specific provision is referred to as the “90-day grace period.”
April 2014	2013 Job Market for Graduating Anesthesiology Residents	Abouleish, A., Mesrobian, J. & Stein, E. (2014). 2013 Job Market for Graduating Anesthesiology Residents. ASA NEWSLETTER, Volume 78 (Issue 4), pp 44-47.	The ASA Committee on Practice Management has completed the second annual survey of graduating anesthesiology residents. The main goal of this survey is to better identify current market trends in the anesthesiology job market.
April 2014	ICD-10-CM/PCS Delay: What Does It Mean To You?	Timely Topic: ICD-10-CM/PCS Delay: What Does It Mean To You? (April 2014)	The Protecting Access to Medicare Act of 2014, H.R. 4302 not only provided a one year patch for the Sustainable Growth Rate (SGR) formula, it also further delayed transition to ICD-10-CM/PCS. The ASA PPM Department conducted a survey to determine ASA members’ viewpoints on how the delay would impact them. We prepared a brief questionnaire via Survey Monkey and sent a link to various ASA Committees and to the ASA members who follow us on LinkedIn. The survey ran from April 7-10, 2014 and garnered 27 responses.
April 2014	The Company Model: Update on ASA Efforts to Address a Growing Problem	Timely Topic: The Company Model: Update on ASA Efforts to Address a Growing Problem (April 2014)	The term ‘company model’ refers to a financial arrangement in which referring physicians seek to share in revenue from anesthesia services. More specifically, referring physicians set up a separate company to bill for the anesthesia services, then pass along only a portion of the revenue to the anesthesia provider, keeping the rest as profit. This article describes ASA strategies to address this major problem.

November 2013	RACS – Be in the Know	Timely Topic: RACS - Be in the Know (November 2013)	RACs are to protect the Medicare program by identifying and correcting improper Medicare payments and referring potential fraud to CMS. RAC objectives include identifying improper payments by Medicare Administrative Contractors (MACs), conducting post-payment reviews to identify overpayments and underpayments and recouping any overpayments identified. This article further explains the importance of proper documentation and claims review.
October 2013	ASA Survey Results for Commercial Fees Paid for Anesthesia Services-2013	Merrick, S., Miller, T. & Stead, S. (2013). ASA Survey Results for Commercial Fees Paid for Anesthesia Services-2013. ASA NEWSLETTER, Volume 77 (Issue 10), pp 58-63.	The article discusses the results of the 2013 ASA commercial conversion factor survey.
October 2013	Protected Health Information	Timely Topic: Protected Health Information (October 2013)	PHI refers to individually identifiable health information that is transmitted or maintained by a covered entity and its associations. However, with the substantial amount of information multifaceted healthcare organizations carry today, a potential breach in complying with HIPAA is not as unlikely as one may think.
September 2013	Local Coverage Determinations: Where They Come From and Why They Matter	Merrick, S. (2013). Local Coverage Determinations: Where They Come From and Why They Matter. ASA NEWSLETTER, Volume 77 (Issue 9), pp 60-61, 63.	The writer describes the LCD process and elaborates on the Contractor Advisory Committee (CAC).
September 2013	ICD-10-CM/PCS: Thirteen Months and Counting	Timely Topic: ICD-10-CM/PCS: Thirteen Months and Counting..... (September 2013)	This article describes what can be expected in the months leading to the ICD-9 to ICD-10 coding transition. It also describes what will and will not change in the coding process.

Month/Year	Title	Reference	Summary
August 2013	ASA Efforts to Improve the EHR Incentive Program	Couch, G. (2013). ASA Efforts to Improve the EHR Incentive Program. ASA NEWSLETTER, Volume 77 (Issue 8), pp 60-61.	The article discusses the EHR Incentive Program.
July 2013	ASA Partners With FDA's Safe Use Initiative to Reduce Preventable Medication Harm	Cammarata, B., Peairs, C. & Pearlstein, L. (2013). ASA Partners With FDA's Safe Use Initiative to Reduce Preventable Medication Harm. ASA NEWSLETTER, Volume 77 (Issue 7), pp 52-54.	The ASA has partnered with the Food and Drug Administration's (FDA) Safe Use Initiative on two major initiatives to improve the safe use of medications.
July 2013	Anesthesiologist Assistants and the QZ Modifier	Timely Topic: Anesthesiologist Assistants and the QZ Modifier (July 2013)	When providing anesthesia services, anesthesiologist assistants (AAs) must work with anesthesiologist oversight – as specified under the laws of the state where the anesthesiologist and AA practice. Instances in which the required elements to bill a case as medically directed are not met for a case involving an anesthesiologist assistant should be uncommon. If such a circumstance were to happen, it is important to review applicable state law to determine whether the case met the state specific requirements.
June 2013	The Perioperative Surgical Home Model	Fahy, B., Leib, M., Merrick, S., Rosenquist, R. & Schweitzer, M. (2013). The Perioperative Surgical Home Model. ASA NEWSLETTER, Volume 77 (Issue 6), pp 58-59.	The writers elaborate on how the ASA is currently developing the Perioperative Surgical Home (PSH) model of care as a counterpart to the Patient-Centered Medical Home (PCMH).
